

# CAPABILITY STATEMENT

**LEGEND**  
COMPRESSION WEAR  
FOR YOUR LIFE & LEGS®

## Capabilities

LEGEND® Compression Wear is a North Carolina company. All of our LEGEND® Compression Tactical Boot Socks, Compression Performance & Recovery Socks, Leg Sleeves and new Plantar Fasciitis Foot Sleeves are proudly made in North Carolina- USA. Our mission is to "Extend the life of your legs" with our cutting edge *Graduated Compression Technology*.

### All LEGEND® Tactical Boot Socks are Berry Amendment Compliant - Made in the USA

Compression **All-Weather** Merino Wool Tactical Boot Socks are for highly active military & tactical use and are certified Flame Resistant (FR), moisture wicking and odor resistant. NTOA Member tested & recommended.

Compression **Cold-Weather** Socks are for colder climates and are USAF certified FR & No Melt, No Drip; Authorized Safe to Fly (StF).

Compression **Warm-Weather** Moisture Wicking Nylon Socks keep feet dry & blister free.

Compression **Plantar Fasciitis Foot Sleeve** to relieve Heel and foot pain.

Compression **Performance and Recovery Socks & Leg Sleeves** for PT, training and all high impact activities. Designed to improve performance, prevent injury (shin splints), post exercise fatigue and rapid recuperation. Designed to improve blood flow through graduated compression. Great for travel. Perfect for Officer Candidate School (OCS).

## Differentiator

LEGEND® Compression Wear socks are made to the highest quality and production standards. Produced in ISO 9001:2015 certified mill using "state of the art" Lonati Circular Knitting machines. Compression levels & quality are tested on the most sophisticated QA. Only the finest yarns are used in production. Sock styles are available to meet all temperature and climate conditions.

- LEGEND® Compression Tactical Boot Socks are knit with mild graduated compression to help improve blood flow, reduce fatigue and recovery time. Seamless toe design, added support and dense terry cushioning are incorporated to reduce friction, toe irritation (blisters) and to increase comfort. Low Shrinkage. Designed for our Warfighters.
- All LEGEND® tactical socks are unisex & mid-calf; Made for all military branches, LE, Fire & Rescue with sizing chart for all foot sizes. Designed to be "Ultra comfortable All the time".
- The Compression **All-Weather** Merino Wool Tactical Boot Sock has cushioning on the sole, above the arch, heel and shin with aeration panels above the foot and in the leg area.
- The Compression **Cold-Weather** Merino Wool Tactical Boot Sock has dense terry cushioning throughout the entire sock.
- The Compression **Warm-Weather** Boot sock uses "Aquarius" nylon technology with high performance engineered micro-channel nylon fibers to accelerate wicking and evaporation. These hydrophilic attributes help keep your feet dry and free of blisters in tropical conditions.
- Compression **PF Foot Sleeve** reduces swelling and relieves heel, arch, and foot pain while supporting and stabilizing the heel and arch muscles associated with Plantar Fasciitis and Achilles Tendonitis. Also known as "Policeman's Heel". Top Choice for Law Enforcement.

## Past Performance

- The LEGEND® Tactical sock program is sold through Tactical Retail stores & chains nationally.
- Awarded DLA TLS Contract & shipped 39,000 pairs of Warm-Weather Socks to US Army in 2021.
- Naval Special Warfare (Navy SEALs) is an on-going LEGEND Tactical Sock Customer.
- MCX (Marine Corps Exchange) current wholesale customer of the LEGEND Sock Tactical line.
- Sold to Base Supply Centers (BSC's) on Military Bases Nationally- #1 Market Leader.
- Sold directly to military installations all around country including Army, Navy, Marines, AF, USCG.
- Large supplier to Law Enforcement, Fire and EMS. Sold on multiple supplier Websites.
- Sold through all Major Military and LE distributors: TSSI, Darley Defense, ADS, Galls, Witmer.
